WOMEN'S CLUBS.

The board of management of the State Federation of Women's clubs will meet next Thursday morning at the Y. W. C. A. rooms. Mrs. Fannie Cooper, Adkinson, of Kansas, is president of the federation will be in Topeka for the meeting of the Woman's Kansas Day club Wednesday, and she and the members of her board, who will also be guests at the Kansas Day club luncheon, will remain for the business meeting of the federation Thursday.

A meeting of the Board of Directors of the Kansas Equal Suffrage association will be held in Topeka Thursday morning at 10 o'clock in the Y. W. C. A. rooms.

The West Side Forestry club will have a Kansas Day meeting Thursday afternoon of next week at the home of Mrs. M. A. Low. The meeting will be in charge of the club members, who are: Mrs. Low, Mrs. Ward Burlingame, Mrs. F. Montgomery and Mrs. J. A. Kelley. Mrs. Albert T. Reid will have charge of the music, and a Kansas Day program will be given.

The Minerva club met Monday, Jan. 20, at the home of Mrs. Charles Moore, 1416 N. Sixth street. Mrs. Moore and Mrs. E. G. Hughes were hostesses. The guests of the club were Miss Jennie Blinn, Mrs. S. O. Keane, Parkersville, W. V., and Mrs. Emery Lee, Alexandria, Ind. The following program was given: The Orchestra, Mrs. G. W. Payne, The Music Box, Mrs. G. W. Payne, Miss Nell Shepard, Modern Russia, Mrs. Geo. Moore, Little Snow Flakes Arietta, Mrs. R. H. Morehouse, Effect of Environment on Musical Composition, Mrs. Geo. Mays Hopak, Mrs. G. W. Payne, Monitorsky, Mrs. G. W. Payne, "Nothing I Ask Thee to Give Me," Mrs. G. W. Payne, Pagani-Vincent, Mrs. E. D. Clithero, The Hindoo Love Song, Harriet Ware, Miss Jennie Blinn. The club will meet on Feb. 3 at the home of Mrs. G. W. Payne, 1021 W. Eighth street. Mrs. Payne and Mrs. W. D. Davis will be hostesses.

The regular meeting of the U and I club will be held at the Provident association at 2 o'clock Tuesday afternoon. The hour of the meeting is

How to Conquer Drink Habit in Three Days' Time

Science At Last Finds Secret of Overcoming the Desire for Alcoholic Drinks. Women and Men, the World Over, Rejoice on Hearing Glad Tidings.

Wives Saving Their Husbands at Last

Particulars Sent Free to All Readers of the State Journal.

Remarkable Method of Conquering Drink Habit, That Seems Destined to Save Thousands from Ruin and Premature Death. Wonderful Method That Enables Wives, Mothers and Friends to Save the Most Excessive, Steady or Periodical Drinker in 72 Hours by the Clock!

Yes, I drank about 160 barrels of whisky in sixteen years, also a good many kegs of beer and quantities of numerous other alcoholic drinks. Over a quart of liquor and some beer or a glass of ale was my daily beverage.

Now I am absolutely free from the accursed craving, which had dragged me into disgrace, poverty and despair, and which would soon have ended in premature death. I am in full possession of my strength now, both mentally and physically.

Through the great good fortune of being cured in 3 days, and the further remarkable advantage of being possessed of full knowledge of the true sense of it, I decided to devote my life to helping others—mothers, wives, sisters, sweethearts, fathers, brothers, employers or anyone else who is interested in saving a human being from the downward path of alcoholism, which all the medical world now acknowledges to be a disease, just as much as is consumption, cancer or insanity.

I would no more drink whisky or any other alcoholic drink than I would sip ink or carbolic acid. I could swim in champagne, beer or any other intoxicating beverage without being tempted to swallow a drop of it. And so can thousands who have been saved.

I was a veritable slave to alcohol. Like most drinkers, I started with beer, and gradually learned to take

changed so that the members may attend the Gence concert after the session. The members are asked to be prompt, as there is a good deal of business to be transacted.

The Monday Tourist club will meet next Monday with Mrs. H. H. Welty, 1242 Western avenue. The study for the afternoon will be on China, and the following program will be given: Queer Practices of John Chinaman, Mrs. C. I. Martin; Chinese Life in Town and Country, Mrs. Welty; Chat on Chinese Porcelain, Mrs. J. C. Lindland.

The Thursday Study club will meet next Thursday with Miss Lovella Hilly at the home of her sister, Mrs. C. E. Heer.

The Suffrage parade in Washington March 3 is making a stir in the cities, and many prominent women are asking for a place in the ranks. Madame Nordica will have a part in the parade, taking the part of Columbia in a tableau to be held on the steps of the treasury building. Musical societies from New York, Pittsburgh, Cincinnati, Baltimore, Detroit, Omaha, Spokane, Columbus and Philadelphia will take part in the parade, and the members of the Metropolitan Opera company will go from New York to be in the parade. Mrs. Huntington Wilson, the wife of the assistant secretary of state, and an exclusive society woman, has applied for a place in the parade. Miss Crystal Benedict, said to be the most beautiful woman in Wisconsin, has entered the contest for the title of the "most beautiful suffragist."

SALINAN HEADS POULTRY MEN.

State Wide Association Is Formed at Leavenworth.

Leavenworth, Kan., Jan. 25.—At a meeting held here at the conclusion of the Leavenworth poultry show, which has been open for three days, a state wide association, to be known as the Kansas Poultry federation, was formed. E. J. Pake of Salina was elected president, and L. H. Wible of Chanute, secretary and treasurer.

Each congressional district is given a member on the executive board. The first show probably will be held in Independence.

At the domestic economy lesson little Emily was asked to state briefly the best way to keep milk from souring. Her answer was certainly brief and to the point. It ran: "You should leave it in the cow."

—Northern Christian Advocate.

COME TO SOLONS

Santa Fe Colorado Branch
May Yet Be Built.

Legislature to Be Asked to
Allow Bonds.

New Ulisses, Kan., Jan. 25.—Legislative enactment is to be resorted to by the desperate railroad boosters of Grant and Stanton counties in an endeavor to get the branch of the Santa Fe built through from Santa, a new town on the Colmor cutoff, to the Colorado Southern in eastern Colorado. When the Santa Fe planned the Colmor cutoff into the five Kansas "railroadless" counties it was understood this branch would be built. Later the officials delayed saying the business they could expect from the two counties would not warrant the expense at present.

This has prompted extra railroad activity in the region affected and a bill will soon be introduced into the legislature which, it is thought will bring the railroad soon. The present law provides that a county voting bonds for a railroad must receive an equal amount of stock in the company. Bond voting would thus be rendered ineffectual to the Santa Fe as its stock is worth its face value. The bill to be introduced provides that any county now having less than three miles of railroad may vote bonds to the extent of \$200,000 a mile, without receiving in return stock in the company.

Santa Fe officials have strongly indicated the voting of bonds at any time under such a law would give the immediate building of the line. About two miles of the Colmor cutoff passes through Grant county but Stanton has no road. Those are the only counties in the state with less than three miles of road and consequently the only ones to be affected by the new law, if passed.

ENGINE JOY RIDERS ON TRIAL.

May Go to Pen for Spn on Switch Engine.

Wichita, Kan., Jan. 25.—A joy ride in a Santa Fe locomotive may lead to prison doors for V. D. Jaques, a farmhouse hoolier, who is facing a jury in Judge Sargent's division of the district court to answer to a charge of malicious destruction of property. Should the jury find him guilty as charged in the information, his little ride in the switch engine will mean the serving of from one to three years in the state penitentiary.

According to railway officials, Jaques and another man, who is still at liberty, imbibed too freely of the flowing nectar of the vine, and on Jan. 13, last, their inebriation, it is alleged, caused them to desire a long, cold ride in a railway engine. Both were employed at the Santa Fe roundhouse and knew where switch engine No. 1266 had been placed for the night. So they stole to where the engine was standing with banked fires awaiting the next day's work. Clambering into the cab they opened the throttle and the big locomotive moved slowly down the track, gathering speed with every revolution of its wheels.

All the way to Cheney the wild ride continued. As the engine cleared the town, the first died and the engine slowly came to a stop. It was found by Santa Fe men the next day and brought back to the roundhouse, towed by another engine. The damage to the locomotive was said to have run well over \$500, and a warrant for the arrest of the two men was sworn to before the county attorney.

ANOTHER MAN LOSES ARM.

Corn Shredder Still Claiming Toll From Workmen.

Manhattan, Kan., Jan. 25.—A Manhattan physician is beginning to claim that it is time to pass a law against the use of corn shredders or at least some method of feeding them that would prevent so many arms being caught and ground up. During the past six years this one physician has been called on to amputate five arms from men who had been chewed up by corn shredders.

Harry Woods, living between Ogden and Eureka Lake, is the latest victim. While attempting to assist in the feeding of the machine, the glove on his hand was caught in the machinery. The hand and arm were chewed up like mince meat up to two inches above the elbow. Amputation was necessary four inches above the elbow, leaving the young man with a four inch stub for an arm.

MISSIS TREE; SPLITS KNEE CAP.

Manhattan Ax Man Evidently Took Poor Aim.

Manhattan, Kan., Jan. 25.—William Bowers, a young man living about 13 miles from Manhattan, up on McIntyre creek, is mighty glad that nature provided him with a knee cap. Though one of his is split wide open he is glad that it is the cap instead of the knee proper.

Just how he happened to miss a tree and strike the cap on his right knee with the ax, Bowers doesn't exactly know—it happened so quickly—but that is just what he did. The cap split open—just where Bowers was trying to do the tree.

A Manhattan physician was called to dress the injury and reports that Bowers will be a cripple for probably two weeks. If the ax had missed the cap and struck the knee proper Bowers might be a cripple for a much longer time but the cap served one of its purposes well in acting as a protector.

POULTRYMEN NAME OFFICERS.

W. B. Powell Heads Bird Fanciers for Coming Year.

Hutchinson, Kan., Jan. 25.—The Arkansas Valley Poultry association which is in meeting at poultry show here has elected the following officers: President, W. B. Powell, Hutchinson; vice president, Charles Wiedman, Pratt; secretary-treasurer, D. Ernest Forsythe, Hutchinson.

GUN CLUB PLANS BIG SHOOT.

Salina's Revived Organization Will Get Crack Shots in February.

Salina, Kan., Jan. 25.—The Salina Gun club is making arrangements for a two days' shooting tournament to be given here about the last week in February. This will be the first tournament here since the old gun club was in existence some seven or eight years ago. If the plans work successfully there will be some of the finest shots in the United States here and they will come from all parts of the country.

PARK TRAMMELL, THE NEW GOVERNOR OF FLORIDA, IS OUT-AND-OUT PROGRESSIVE

Tallahassee, Fla., Jan. 25.—Park Trammell is the aggressive new governor of Florida. His administration promises to be rich in the fruits of progressive legislation.

"Politically we are at the dawn of a new era in the history of this great nation," says Trammell; "an era marked by an unparalleled awakening of the public conscience to the problems of the age and in the matter of demanding the highest standard of service from public officials." Trammell's stand on many problems of the day indicates that he at least is awake.

Here are some of the things the governor stands for:

The gradual abolition of the convict lease system, and the employment of convict labor in the construction and maintenance of public highways.

A law providing that all literature concerning lands to be sold under colonization or similar plans be first submitted to and approved by the department of agriculture, mechanical and domestic science features of school work.

The fullest publicity in the administration of public affairs.

A more stringent corrupt practices act.

The reform of court procedure.

The raising of the standard of public schools, giving greater importance to the agricultural, mechanical and

Gov. Park Trammell.

PAY FOR 4 DEATHS FIND HARD COAL

Compromise Reached by Railroad and Heirs' Attorneys.

For Killing Family Road Puts Up \$13,590.

Belleville, Kan., Jan. 25.—The Rock Island Railroad company has settled, with A. B. Bachelor, administrator of the James estate, for \$13,590. Bachelor is the father of a mother and two children, were struck and killed by westbound passenger train No. 5, while crossing the track in a buggy at a crossing two miles north of Belleville. The engineer of the train, is being held under a \$1,000 bond for trial at the February term of the district court on the charge of criminal negligence, as returned by the coroner's inquest.

WHEATLEY WANTS THE JOB.

Horton Man Would Like to Be Game Warden.

Horton, Kan., Jan. 25.—A Horton man is making a strong showing in the contest for the place of L. L. Dyche, state fish and game warden. He is William P. Wheatley, a well known hunter of northeast Kansas, and a life long Democrat. Mr. Wheatley has many friends among the sportsmen of Kansas which is demonstrated by the fact that more than 150 petitions asking for his appointment as game warden have been sent to Governor Hodges from all over the state. It is stated that there are about ten thousand names of sportsmen and others interested in the game laws signed to these petitions. Mr. Wheatley has the endorsement of many prominent Democrats of the state and is sure to prove one of the strong candidates for the office when Mr. Dyche steps out.

BROOM CORN MEN ANGRY.

Say Buyers Are Leagued Together to Keep Price Down.

Liberal, Kan., Jan. 25.—The sentiment against the broom corn trust here is growing to feverish intensity. Regardless of the number of buyers in the market or their proportion to the growers willing to sell the prices invariably range from \$2.00 to \$2.50 per ton. The price has steadily decreased this season, owing to the operations of the trust, from \$150 to \$200 to the low figures now offered.

There is a pretense of competition among buyers. Consumers receive no benefit as the high prices of brooms continue. Thousands of growers in this section and northern Oklahoma threaten to quit the crop entirely.

NEW POWER HOUSE WORK BEGUN.

Dodge City, Kan., Jan. 25.—Work has commenced here on the new power house for the Santa Fe yards. It will be much larger than the old one and work will be pushed with all possible speed.

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger.

Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

READFIELD REGULATOR CO., Atlanta, Ga.

SUNDAY MAGAZINES BURNED.

Managing Editor Denver Papers Probably Mad Man Now.

Bellefont, Kan., Jan. 25.—It is likely the managing editor of the Rocky Mountain News is a mad man. A box on extra 1917 was found burning near here recently. The train crew barely had time to cut it loose from the rest of the train. The contents were destroyed.

TO ASK INCREASED RATES.

Bell Company Then Thinks Service Will Be Better.

Dodge City, Kan., Jan. 25.—P. R. Ridgley, representing the Arkansas Valley Telephone Co., a subsidiary Bell corporation, is here circulating a petition to the public utilities commission, which, it is thought, will set the heater dispute between patrons and the company here. Patrons want better service. The company wants to furnish better service but insists a raise in rates will be necessary.

Arbitration and the efforts of the city commission have failed to settle the matter. The petition now being circulated and liberally signed provides for an increase in rates when the most efficient type of modern equipment is installed.

SANTA FE DOES GOOD BUSINESS.

Increase of \$500 in Ticket Sales for December.

Spearville, Kan., Jan. 25.—The report of the Santa Fe agent here shows increasing prosperity if the volume of railroad business is an index to community conditions. During December the road did over \$5,000 more business than in Dec. 1911. Over \$500 of this increase was in ticket sales. A safe majority of 1912 months show increase over like months in 1911.

BOY HIKER FALLS DEAD.

Earl Smith Dies of Heart Failure After Trip.

Kansas City, Jan. 25.—Earl Smith, 16 years old, who with five companions attempted to walk from Kansas City, Kan., to Muncie, Kan., a distance of ten miles yesterday, dropped dead from heart failure, caused by exhaustion after he had walked about six miles.

The boys, all of whom were school students, started on their journey after the close of school yesterday. At the end of the first five miles Smith's companions complained that they were tired and insisted that the walk be abandoned. When Smith objected, they accepted the invitation of a farmer to ride in his wagon and left Smith to walk alone. A few minutes later they saw him fall to the ground and when they ran back to pick him up he was dead.

Commissioners Divide Printing.

Larned, Kan., Jan. 25.—The new Pawnee county board of commissioners, though Republican, divided the county printing equally between the Chronicle, Republican, and Tiller & Toller, Democrats.
